

Blossoming BEST

Moordown St. John's Church of England Primary School

History

The children will be looking at toys from the past and comparing them to their own toys looking at functions and materials.

RE

The children will be learning about the story of creation and will sequence the story. They will also be learning about why Christmas is important to Christians.

Science

We will be looking at changes in our environment through the seasons, focusing on Autumn to Winter. We will also be looking at different materials and their properties.

D&T

We will be exploring 'stable structures' through the idea of a toy garage. We will be designing making and evaluating our garages.

Trips

There are currently no trips planned. However, we will go on an autumn walk around the school grounds linked to Science.

During the Autumn term, Year One will be working hard and learning successfully by:

English

The children will :

- Use capitals, finger spaces and full stops in their writing.
- Write lists, label, sentences and begin to form short narratives.
- Become familiar with key stories. Identify and discuss main characters.
- Use their phonics skills to spell new words.
- Read common exception words.

Maths

The children will :-

- Learn to read, write and recognise many different representations of numbers to 20.
- Find one more and ones less, and compare numbers using greater than and less than.
- Recognise and name 2D and 3D shapes.
- Solve addition and subtraction problems.

Geography

The children will be exploring different weather patterns, weather stations and how weather affects us. They will then record their own weather chart using symbols.

Worship

This term our worship themes will centre around the fruits of the spirit. We will also be thinking about creation, advent and Christmas.

Art

We will be looking at our famous artist 'Andy Goldsworthy'. We will be learning more about his nature sculptures, sorting natural materials and creating our own nature sculptures.

PE

We will be focusing on tennis skills and ball skills such as throwing, catching and passing.

Project Overview

- Inside Out project focusing on mental health.
- Julia Donaldson stories for our Autumn 2 English focus.
