Home Enrichment Activities

Here are some suggested activities for you to do at home with your child that will enhance their learning this half term. (These do not need to come into school.)

- Go on a Spring Scavenger Hunt – Look for blossom trees, birds' nests, daffodils, snowdrops etc.
- Draw a picture of a pancake and your favourite topping.
- Choose an animal to research your own facts about.
- Make cakes or another yummy treat and write your own instructions for how you made them.
